

Comprehensive Cancer Center of Wake Forest University

SECTION ON HEMATOLOGY AND ONCOLOGY

September 27, 2007

Barbara MacKay Vinson
President, MacKay Foundation for Cancer Research
7 Thimbleberry Square
Greensboro, NC 27455

Dear Barbara:

Thank you again for your continued support of the activities of the Section on Hematology and Oncology and the Comprehensive Cancer Center of Wake Forest University. I continue to be amazed by your dedication, enthusiasm, and energy as you complete another successful Golf Tournament. As always, it was a delightful event, thanks to your exceptional planning and organization. I know Erica Friedel recently updated you on activities here at the Cancer Center. If you have any questions, please contact me or any other faculty.

Thank you once again, I look forward to continuing to work with you.

Sincerely,

Bayard L. Powell, MD
Professor and Section Head
Internal Medicine - Hematology and Oncology
Director, Leukemia Service
